Crafty Creative Reusables

Before tossing or recycling something, think about how it could become an art-making material! The items on this list will often be described as miscellaneous or 3D materials in projects and activities. Some of these items may require being made into smaller, more manageable pieces. Some items on this list are marked with a * as they are items to consider purchasing specifically for craft use. If specific items are integral to your Adventure's activities, they will already be listed above.
