

## Master Class: Super Art Fight Materials List

### Supplies Needed for this Master Class

- [Aggie.io](https://aggie.io) functionality.
  - *Aggie.io is a browser-based drawing app that allows multiple people to draw on the same canvas, whether using a tablet device, a drawing tablet, or a mouse. Please test and troubleshoot your preferred device's interface with aggie ahead of time; we do not have time during the course to spend troubleshooting it for each and every student. An account is encouraged but not necessary. You **MUST** have functionality if your teen wants to actively participate in Friday's bouts.*
- A generous amount of white blank paper (i.e. standard computer paper)
- Drawing tools: pencils, colored pencils, etc.
- 2-5 broad-tip inking tools, e.g. sharpie, chisel-tip liners, calligraphy pen, brushpen, black magic markers. Must be >1mm in diameter in black (mandatory) and red (if available).
  - *Micron pens (& other precision inking tools) and brush + ink (& other high-mess tools) are discouraged.*
- Old, unwanted clothes (for repurposing into costume pieces)
- Recycled materials
- General craft supplies (i.e. glue, craft foam, paint, fabric, yarn, needle and thread, etc.)

### Suggested Additional Supplies

- Digital drawing tool, like a drawing tablet. No lesson will require this; it is up to the participant's comfort levels and accessibility.
