

## Masterclass: Cellphone Photography Materials List

### Supplies to Have for This Masterclass

- A cellphone capable of taking pictures
- 3+ clear drinking glasses    *must be clear and free of any designs*
- A straw
- Sharpies – one each of black, red, blue, and green    *regular fine tip, not ultra-fine*
- 4-5 Ziploc sandwich bags
- 3-5 small paper cups
- Posterboard (20x24 inches) - 1 black, 1 white

*Optional additional supplies:*

- A shiny silver spatula
- A colander
- A flashlight

### A Note From Your Instructor

*Look forward to an exciting week! Don't be surprised if your cell phone photographer asks to borrow another cell phone to use as a colorful lighting source, or raids your kitchen looking for shiny spatula or colander! We're getting creative on the home front and taking cell phone photography to the next level without leaving the house!*

*Also, please have your cell phone photographer download [Snapspeed](#). We will be using it to edit our photos.*

*Thanks, Betty*
