Wonder of Watercolor

with Lorrie Herman

SUPPLY LIST

I buy most of my paints, paper, brushes online, the prices are better.

www.jerrysartarama.com, www.cheapjoes.com, www.dickblick.com, www.plaza-art.com

SAVE YOUR RECEIPTS TO RETURN ITEMS IF YOU NEED TO.

Paints

I recommend using an artist's grade paint, but buy what you are comfortable spending. A good affordable student grade paint to start with is **Cotman** and also, Rembrandt, Daler Rowney, Da Vinci, Lukas and then there are the artist quality paints that are more expensive, such as, Windsor & Newton, Daniel Smith, Sennelier, etc. See what you already have that would work. Small tubes are good. Please contact me if you have questions.

Reds	Alizarin Crimson (cool) Cadmium Red Light (warm)
Yellows	Lemon Yellow (cool) Indian Yellow (warm)
Blues	Cerulean Blue (warm) Ultramarine Blue (cool)

Neutral Burnt Sienna
Ivory Black (value studies)

Brushes

Three Round brushes is all that you will need, a small, medium and large and a medium quill. Watercolor Round Brushes have a round feral and a pointy tip. The quill is bulkier and holds more water.

Example: Richeson Synthetic Watercolor Brush Series 9000 Round #2, #4, #10

This is what a round looks like:

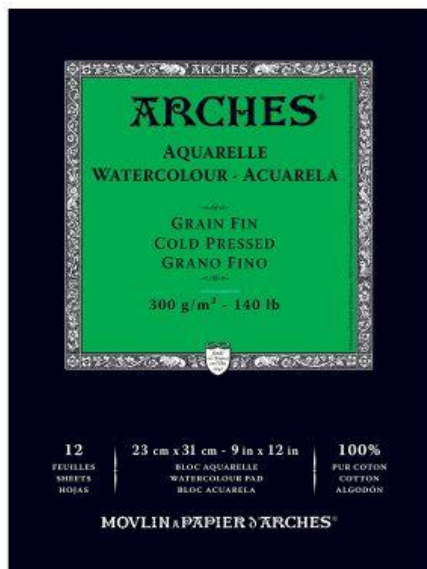

Raphaël SoftAqua Brush Quill #2

Medium size Quill (large round) for washes (the top about the size of top joint of your index finger, the hair shape is a tear drop, a round brush with a point) (Raphael, Isabey, Princeton, Harmony, etc., Synthetic or squirrel hair are fine)

Paper

2-3 full sheets (22" x 30") of **artist quality** watercolor paper by Fabriano, Arches, Saunders Waterford, etc. **Cold press**, 140 lb., 100% Cotton.

Order online at Jerry's Art-a-rama, Dick Blick, Cheap Joes, Utrecht, etc. Locally Hobby Lobby and Plaza Artist sell by 3 pack sheets. We will cut each into 4 pieces and use about 1 quarter sheet per class.

Arches also has a 9" x 12" pad that is good as well.

Using good paper will give you better results!

Other Essentials

Palette (white plastic with at least 8 wells and mixing areas)

Plastic Water Container (solo cup size)

Masking Tape (3/4")

Board to tape paper on (Corrugated plastic, wood, etc)

Small Sketch Book

Pencil
