Small Sculptures in Wood

with Jeremiah Gallay

SUPPLY LIST

Note that you may need additional materials for subsequent classes, depending on your project. All items can be found at Home Depot, Lowes, or most local hardware stores. If going to a smaller store you might want to call ahead about wood availability.

- One wood board, 3/4" x 5 1/2" x 48", any type (this may be sold as "1 x 6" nominal size)
- One plywood panel 1/2" x 24" x 24", sanded surface (these are sometimes called "project panels")
- For all wood, do not get pressure-treated
- At least 25 drywall or wood screws, 1" long, Phillips head
- At least 25 drywall or wood screws, 1 1/4" long, Phillips head
- At least 25 drywall or wood screws, 1 5/8" long, Phillips head
- Rubber sanding block and 5 sheets of 60-grit sandpaper
- Small container of wood glue
- Sketchbook or paper
- Essential measuring/marketing tools: pencils, tape measure, steel ruler
- Optional measuring/marketing tools: combination square, protractor, triangle, small level, any other kind of square

SAFETY EQUIPMENT – THESE ARE REQUIRED TO PARTICIPATE:

- Safety goggles or face shield
- Hearing protectors or earplugs
- Dust mask
