You may bring and paint or draw in any medium you already have used. If you do not have art supplies the basic set below will be sufficient for this workshop. The focus will be to do a series of paintings that are visual experiments of different approaches to image making. Therefore, we want to work small (8 x 10 inches) and use surface materials like paper or panels that are abundant and easily carried.

Paints. Get a Basic Set of 6 Liquitex Acrylic paints. This set is with smaller tubes .75 oz. but is a good starter set.
